BLOMDAHL

CARING JEWELLERY SINCE 1985

Made in Sweden

Nakit koji čuva vašu kožu od 1985.

Blomdahl želi da svi imaju mogućnost da nose nakit svaki dan, čak i ljudi koji imaju osetljivu kožu ili alergiju na niki. Zato ulažemo dodatni trud i napor i vodimo računa o svakom detalju. To se odnosi na sve – od materijala koje biramo, koji su prijatni za kožu, do potpuno kontrolisane proizvodnje i visokog nivoa kvaliteta, što je u skladu sa životom koji želite da živite.

Blomdahl nakit je dizajniran u konsultaciji sa dermatolozima i izrađen je sa puno ljubavi i pažnje u Halmstadu, u Švedskoj, gde proizvodimo nakit od 1985.

Upravo ste probušili uši?

Za sigurno zarastanje rane nakon promene na obične minđuše, održavajte deo oko pirsinga da bude čisto, suvo, da rana diše. Zato su minđuše sa priveskom pametan izbor tokom procesa zarastanja – osiguravaju dobar protok vazduha i lak način čišćenja oko rupe.
